

Payment Methods

Last Updated: March 25, 2026

My Shop is committed to providing a checkout experience that is straightforward, secure, and accessible to all customers. To that end, we support a broad range of payment options designed to accommodate diverse preferences and circumstances.

Accepted Payment Methods

Customers may complete purchases using all major credit and debit cards, including Visa, MasterCard, American Express, Discover, JCB, and China UnionPay (credit cards only). Diner's Club cards are also accepted for orders with a U.S. billing address. For customers who prefer prepaid or gifting options, My Shop accepts Visa, MasterCard, and American Express prepaid cards, as well as My Shop Gift Cards. This variety of accepted methods ensures that every customer can find a convenient and suitable way to pay.

Payment Security

The security of your financial information is a top priority at My Shop. All transactions conducted through our platform are processed via encrypted, industry-standard payment systems that safeguard your data at every stage of the checkout process. My Shop does not store full credit or debit card details on its servers, and all payment processing adheres strictly to recognized security standards and best practices. These measures are in place to minimize the risk of unauthorized access, data breaches, or misuse of your payment information, giving you confidence every time you shop with us.

Currency and International Transactions

All payments on My Shop are processed in Vietnamese Dong (VND). Customers using internationally issued cards should be aware that their respective banks may apply additional charges for currency conversion or cross-border transactions. These fees are determined and levied solely by the issuing bank and fall outside the control of My Shop. We recommend consulting your bank or card provider in advance if you have questions regarding applicable international transaction fees.

Order Confirmation and Payment Processing

Payment is completed at the time of checkout, upon order submission. Once your payment has been successfully authorized and processed, you will receive an order confirmation notification, and the status of your order will be updated accordingly within your account. To avoid any delays in order processing or fulfillment, we advise customers to ensure that all payment details — including card numbers, expiration dates, and billing addresses — are accurate and current prior to finalizing a purchase.

Customer Support

Should you encounter any difficulties during the payment process, or if you have questions regarding accepted payment methods, transaction fees, or payment security, our Customer Service team is available to assist. We are committed to resolving any payment-related concerns promptly and ensuring that your shopping experience remains smooth and hassle-free from start to finish.

For further assistance regarding shipping or delivery, please do not hesitate to reach out to our Customer Service team through the Help Center on the My Shop platform.
