

Cancellation & Returns Policy

Last Updated: March 25, 2026

At My Shop, we are committed to providing a cancellation and returns process that is transparent, fair, and easy to navigate. This policy sets out the circumstances under which orders may be cancelled, the steps customers should follow when items arrive in an unsatisfactory condition, and the boundaries of our return and refund commitments. We encourage all customers to read this policy carefully before making a purchase.

1. Order Cancellations

Customers may cancel an order at any point before it has been dispatched to a carrier. To initiate a cancellation, log in to your My Shop account and navigate to the **"My Orders"** section. Locate the relevant order and, if a **"Cancel Order"** button is displayed, select it to submit your cancellation request. This option remains available while an order carries a status of **"Created," "Paid,"** or **"Processing."** Once an order transitions to **"Shipped"** status, cancellation is no longer possible, as the parcel has already been handed over to the carrier and is in transit.

The outcome of a cancellation request depends on the payment status of the order at the time of submission. Orders cancelled while still in **"Created"** (unpaid) status will simply be marked as **"Cancelled"** with no financial transaction required. For orders cancelled while in **"Paid"** or **"Processing"** status, a full refund will be automatically issued to the original payment method used at checkout. Customers should allow **3 to 10 business days** for the refund to be reflected on their account statement, depending on the policies of their bank or card provider.

2. Damaged, Defective, or Incorrect Items

My Shop takes full responsibility for orders that arrive in a condition that does not meet reasonable expectations. If you receive an item that is physically damaged, functionally defective, or materially different from what was ordered, we ask that you report the issue to our Customer Service Team **within seven (7) calendar days of the confirmed delivery date**. Claims submitted outside this window may not be eligible for resolution.

To ensure your claim is processed efficiently, please have the following information ready when contacting our team: your **Order ID**, along with clear **photographic evidence** of the issue. This should include images of the damaged or defective item itself, the condition of the outer packaging upon receipt, and — where applicable — a photograph of the incorrect product received. Providing thorough documentation at the outset significantly reduces the time required to assess and resolve your claim.

Upon receipt of your report, our Customer Service Team will conduct a review to verify the nature and validity of the issue. If the claim is confirmed, My Shop will offer either a **full replacement** or a **full refund**, according to your preference and subject to product availability. All costs associated with verified claims — including return shipping where applicable — will be borne entirely by My Shop. This review process is designed to ensure that every customer receives a fair and timely resolution.

3. General Returns Policy

In the interest of maintaining a consistent and manageable returns process, My Shop does not currently support automated post-delivery returns for reasons unrelated to product condition. Returns or refunds requested on the basis of a change of mind, an incorrect size selection, or general buyer's remorse fall outside the scope of this policy and will not be processed. The only circumstances under which a return or refund will be considered following delivery are those outlined in **Section 2** — namely, items that are confirmed to be damaged, defective, or incorrect upon arrival.

Customers are strongly encouraged to review all available product information, including descriptions, dimensions, specifications, and sizing guides, prior to completing a purchase. Our product listings are designed to provide sufficient detail to support informed purchasing decisions.

4. Return Method

Where a return is required as part of a verified claim under Section 2, My Shop will provide clear instructions on how to return the affected item. The return method will be communicated by our Customer Service Team upon confirmation of your claim. In all verified cases, My Shop will arrange and fully cover the cost of return shipping. Customers should not attempt to return items without first receiving written confirmation and instructions from our support team, as unauthorized returns may not be processed.

5. Abuse and Fraud Prevention

My Shop's cancellation and returns policies are designed to foster a trustworthy and equitable environment for all customers. We actively monitor cancellation and claims activity across our platform to identify patterns that may indicate abuse or fraudulent behavior. Customers who submit a disproportionate volume of claims, or whose claim history suggests misuse of this policy, may be subject to additional verification requirements or temporary account restrictions.

In cases where fraudulent intent is reasonably suspected, My Shop reserves the right to decline a resolution request and to take further action in accordance with our platform policies and applicable law. These measures are not intended to inconvenience legitimate

customers, but rather to protect the integrity of the platform and ensure that our policies remain sustainable and fair for the broader customer community.

For further assistance regarding shipping or delivery, please do not hesitate to reach out to our Customer Service team through the Help Center on the My Shop platform.
