

Sanquo

Terms of Service & Business Policies

Effective Date: 30 April 2026 | Version 1.0

Section 8: Contact Information

Sanquo is here whenever customers need assistance. Whether the matter relates to an order, a payment, an account, a return, or any other aspect of the Platform experience, our support team is ready to help through a range of accessible channels. This Section sets out how to reach us, when we are available, where we are located, and the response time commitments we hold ourselves to.

8.1 Customer Support Channels

Sanquo provides customer support through the following official channels. Customers are encouraged to select the channel best suited to the urgency and nature of their enquiry.

Channel	Contact Detail	Best Used For
Hotline	+84 1234 1423	Urgent matters requiring real-time voice assistance
General Support Email	support@Sanquo.vn	Order status, account issues, product questions
Payment Support Email	payments@Sanquo.vn	Failed payments, refunds, duplicate charges
Privacy & Data Email	privacy@Sanquo.vn	Data rights requests, privacy concerns, IP matters
Partner & Business Enquiries	partners@Sanquo.vn	Seller onboarding, partnerships, business development
Facebook	facebook.com/Sanquo.vn	General enquiries and platform announcements

Outside of operating hours, the live chat interface remains accessible and accepts messages, which are addressed by a support agent at the commencement of the next operating session. Customers who submit a live chat message outside operating hours will receive an automated acknowledgement confirming that their message has been received.

Security notice: Sanquo's official support is provided exclusively through the channels listed above. Customers should not engage with any individual or account claiming to represent Sanquo through unofficial channels, including unsolicited phone calls, personal social media accounts, or third-party messaging platforms. Any suspicious contact purportedly from Sanquo should be reported immediately to support@Sanquo.vn.

8.2 Operating Hours

All Sanquo support operations are conducted in Vietnam Time (ICT), which corresponds to UTC+7 and applies uniformly across Vietnam. The operating hours for each support channel are set out in the table below.

Support Channel	Operating Hours (ICT)	Notes
General & Payment Email	Mon–Sat, 8:00 AM – 8:00 PM	Emails outside hours acknowledged automatically; responded to next session
Privacy Email	Mon–Sat, 8:00 AM – 8:00 PM	30-day substantive response window per Section 5.5
Social Media (FB)	Mon–Sat, 9:00 AM – 6:00 PM	Messages outside hours responded to next operating day
Sunday & Public Holidays	Reduced availability	Urgent matters only (payment disputes, security incidents, lost packages)

Non-urgent enquiries received on Sundays or public holidays will be addressed from the commencement of the next regular operating session. During peak trading periods — including Tết (Lunar New Year), national public holidays, and major promotional sales events — response times across all channels may be extended due to significantly higher enquiry volumes. Sanquo will communicate anticipated delays proactively through the Platform banner, email, and official social media channels in advance of such periods.

8.3 Physical Address

Sanquo's registered business address and principal place of operations, as recorded on the company's business registration certificate issued by the competent Vietnamese authority, is as follows.

Sanquo

268 Lý Thường Kiệt
Quận 10, Thành Phố Hồ Chí Minh
Việt Nam
Business Registration No.: [83862004]

Sanquo's registered business address is the address of record for all formal legal correspondence, regulatory communications, and official notices directed to the company. Sanquo will acknowledge receipt of formal written correspondence within five (5) business days of receipt.

Customers wishing to visit Sanquo's office in person are advised to contact the support team in advance at support@Sanquo.vn to confirm office hours and arrange an appointment. Walk-in visits cannot be guaranteed to be accommodated without prior arrangement. Sanquo's office is not a point-of-sale location; all transactions are conducted exclusively through the Platform.

8.4 Response Time Expectations

Sanquo is committed to responding to every customer enquiry promptly and professionally. The following response time commitments represent the standards we hold ourselves to across all support channels. These are promises, not targets — and where we fall short, we ask customers to follow up and we will treat the matter as a priority.

Channel	Response Commitment	Additional Notes
Hotline	Within 3 minutes	Callback option offered during peak periods. Voicemails responded to within 4 business hours.
General Support Email(support@Sanquo.vn)	Within 24 hours	Business days only. Emails received on Sundays or public holidays: responded to within 24 hours of the next operating day.
Payment Support Email(payments@Sanquo.vn)	Within 2 business hours	During operating hours. Outside operating hours: within 24 hours of the next operating session.
Privacy Email(privacy@Sanquo.vn)	Acknowledgement: 2 business days Full response: 30 calendar days	Extension of up to 30 additional days permitted for complex requests, with prior notice to the user per Section 5.5.

Channel	Response Commitment	Additional Notes
Facebook	Within 4 business hours	During social media operating hours (9 AM–6 PM, Mon–Sat). Outside hours: next operating day.

Escalated or complex matters — including formal complaints, legal notices, data rights requests, and payment disputes — are assigned a unique case reference number upon receipt and are subject to the specific resolution timelines set out in the relevant sections of this Agreement. Case reference numbers are communicated to the customer at the time of acknowledgement and should be quoted in all subsequent correspondence relating to the same matter.

Where a customer has not received a response within the committed timeframe, they are encouraged to follow up using the same channel, referencing their original enquiry or case reference number. Sanquo will treat any unacknowledged enquiry identified through a follow-up notification as a priority case and will respond without further delay.

Sanquo's Customer Satisfaction Commitment: we measure our support performance continuously and publish internal response time targets that are equal to or more demanding than those set out above. If you feel that the service you received did not meet the standard described in this Section, we welcome your feedback at support@Sanquo.vn. Your input directly informs how we improve.
