Section 1: Introduction

1.1 Welcome to Sanquo

Welcome to Sanquo — Vietnam's dedicated fashion destination, built for customers who believe that style is personal, and shopping should be effortless.

We created Sanquo with a single purpose: to provide a seamless, secure, and transparent shopping experience that empowers you to discover and acquire the fashion products you love with total confidence and ease. Whether you are exploring the latest trends, seeking a wardrobe staple, or discovering an emerging Vietnamese designer, Sanquo is the place where your style journey begins.

Your trust is the foundation upon which everything we do is built. We are committed to earning it every day — through honest communication, a carefully curated selection of products, and a platform experience designed entirely around your needs. We are genuinely glad you are here, and we look forward to being part of your story.

1.2 Purpose of This Document

This document constitutes the Terms of Service and Business Policies (hereinafter referred to as the "Agreement" or "Terms") governing the relationship between Sanquo (hereinafter referred to as "the Platform," "we," "us," or "our") and every individual who accesses or uses the Platform (hereinafter referred to as "you," "the User," or "the Customer").

The purpose of this Agreement is to establish a clear, fair, and mutually understood framework for all interactions on Sanquo. It sets out the rights and responsibilities of both parties, defines the scope of services provided, and articulates the standards we hold ourselves — and our users — to. This document is designed to be comprehensive without being obscure: we believe that transparency is not simply a legal obligation, but a reflection of the respect we have for every person who chooses to shop with us.

This Agreement should be read in conjunction with all related policies published on the Platform, including but not limited to the Privacy Policy, Return & Refund Policy, Payment Policy, and Shipping Policy. Together, these documents form the complete legal and operational framework governing your use of Sanquo. Where any conflict exists between this Agreement and a supplementary policy, the more specific supplementary policy shall prevail with respect to the subject matter it governs.

1.3 Acceptance of Terms

By accessing, browsing, registering an account on, or completing a purchase through Sanquo — whether as a registered member or as a guest — you acknowledge that you have read, understood, and agree to be legally bound by this Agreement in its entirety, including all policies incorporated herein by reference.

Acceptance of these Terms is effective immediately upon your first use of the Platform and applies to all subsequent interactions. If you do not agree to any part of this Agreement, you must discontinue your use of the Platform immediately. Continued use of the Platform following any update or amendment to this Agreement shall constitute your acceptance of the revised Terms.

Please note: Sanquo reserves the right to amend, update, or revise these Terms at any time. When material changes are made, we will notify registered users via email or a prominent notice on the Platform. It is your responsibility to review this Agreement periodically. The date of the most recent revision is indicated at the top of this document.

To use Sanquo, you must be at least eighteen (18) years of age, or the age of legal majority in your jurisdiction if that age is higher. Users between the ages of sixteen (16) and seventeen (17) may access the Platform solely with the verifiable consent of a parent or legal guardian, who shall assume full legal responsibility for all activity conducted under the minor's account. The Platform reserves the right to request verification of age or parental consent at any time and to suspend access to any account where eligibility cannot be confirmed.

1.4 Platform Overview

Sanquo is a business-to-consumer (B2C) fashion e-commerce platform operating within Vietnam, designed to connect individual customers with verified brands and sellers across the full spectrum of fashion retail. The Platform serves as a trusted intermediary: facilitating discovery, enabling secure transactions, and supporting a reliable post-purchase experience for every order placed.

The core services provided by Sanquo include product browsing and discovery across curated fashion categories; secure online checkout supported by multiple payment methods; real-time order tracking and fulfillment management; and dedicated customer support available to assist users throughout their shopping journey. Each of these services is described in detail within the relevant sections of this Agreement.

The Platform is committed to product authenticity. All sellers operating on Sanquo are subject to a verification and onboarding process designed to ensure that every item listed meets our standards for quality, accuracy of description, and legitimacy of origin. While Sanquo facilitates transactions between buyers and sellers, we take active responsibility for the integrity of the marketplace we operate.

Sanquo primarily serves customers located within Vietnam. Certain services, promotions, or product categories may be subject to geographic availability. Full details regarding service scope, delivery coverage, and any applicable restrictions are set out in the relevant policy sections of this Agreement.

The services described in this Section 1.4 represent an overview only. Comprehensive terms governing each service area — including payments, returns, shipping, data privacy, and seller conduct — are addressed in the sections that follow.
